**DEADLINE:** Wednesday, September 28, 2018

This seven week program has been created to allow athletes in grades 8 to 10 the opportunity to develop their volleyball skills and compete in a game each week. This program is geared toward athletes not playing high school volleyball but is also a great way for athletes to get more reps during the high school season without interfering with their school team's schedule. Each participant will receive a t-shirt.
